

# Read with Your Smartie

- Use these mini readers as gifts for parents at Open House. They make great reminders of how important it is for parents to read to their children every day.
- Teach the children the rhymes, then ask them to “read the pictures” and see if they can use the picture cues to recall each rhyme.
- Have children practice reading the book at school so they’ll be able to read it to their parents when they take it home.
- Have kids give the book to their parents as a holiday gift.
